OUR LADIES MUSLIN UNDERWEAR SALE

Will Begin on January 17, and Run Three Days

This special sale has gotten to be one of the features

of our business and we begin preparing for it six and eight months ahead. This month it will appeal to the frugal minded more strongly than ever before, because of the heavy advances that have come on all cotton goods. The garments for this sale were contracted for when goods were 25 per cent cheaper than they are today. We can really sell the ready-to-wear garment for less than we can sell the material to make it. There is one serious fault with this special Underwear Sale, many folks will be disappointed in not being able to get all they want. We will be forced to limit the quantity sold to any one customer on some items. However there are over 5,000 garments in the sale, representing every muslin undergarment worn by ladies and children, running from 10c to \$5 each. We present cuts of a few of them, representing the garments exactly, with prices attached. Remember this special Muslin Sale is for 3 days only, beginning Thursday, January 17th.

WEEKLY NEW ERA.

ONE DOLLAR A YEAR.

HOPKINSVILLE, CHRISTIAN COUNTY, KENTUCKY, FRIDAY, JANUARY 11, 1916.

VOLUME XXVI, NO. 6

FESTIVAL OF MUSIC

A BIG EVENT THIS SPRING FOR
HOPKINSVILLE

It Will Attract People to the City
From Every Part of This
Region.

Innes' Orchestral Band, accompanied by a number of eminent vocal and instrumental soloists, has been secured for (six) Festival performance here. The statement is made officially by Mr. H. L. McPherson, so that the announcement may be accepted as authoritative.

The Festival is to be given in the latter part of May.

This festival tour of the Innes organization, of which the Hopkinsville engagement forms part, will commemorate in a unique way the fiftieth anniversary of the institution of the May music festival in America, as we know it.

Theodore Thomas was, of course, largely to the fore in this great work, but since his lamented death the work has gone forward under Innes, Damrosch, Van der Strucken and a few others, with undiminished vigor. Of these, Innes seems to have come closer than the others to the hearts of the people by reason of the breadth and universality of his methods. This is well illustrated by the plans for his coming tour. Large festival choruses are now forming in a number of the more important cities, which will cooperate with the band and notable vocalists in giving the Messiah, Hymn of Praise and other big festival works. Aside from the educational features, the financial results to business interests where large gatherings of out of town people are secured should not be overlooked, and it is hoped therefore that, if for no other reason, the festival to be given here will meet with such pronounced favor as will justify its sponsors in announcing it as an annual celebration. All hats off then to the Hopkinsville annual spring festival.

JUDGE HOBSON RETIRES.

Chance For New Era Readers.

In order to test the New Era's great circulation and its superior advertising value, we have made arrangements with L. L. Elgin, the popular druggist, to offer one of his best selling medicines at half-price to anyone who will cut out the following coupon and present it at his store.

COUPON.

This coupon entitles the holder to one 50c package of Dr. Howard's specific for the cure of constipation and dyspepsia at half-price, 25c. I will refund the money to any dissatisfied customer.

TWENTY-FIVE CENTS.

This is a great opportunity for our readers to obtain a popular remedy at a small price. There are sixty doses in every package, and unlike ordinary constipation and dyspepsia remedies, the dose is decreased after the first few days.

Here Is a Gift for You.

Many offers have been made by newspapers to secure new subscriptions and renewals of those already on the lists, but never in the history of Christian county has an offer been made which should appeal to all classes alike as should the offer of free garden or flower seeds which is now being made by the Weekly New Era.

This offer is a sure enough gift for to every subscriber to the paper, or every old subscriber who pays up arrears, if any, and one year in advance, will be given twenty regular 5c. packages of garden or flower seeds entirely free of charges, the seeds even being delivered to him. Not only this but the subscriber makes his own selection, he not being forced to take a collection of old or unpopular varieties for which there is no sale otherwise. The seeds offered by the New Era are

guaranteed to be of the variety claimed and to be fertile and all right in every particular and the packages are full size and weight in every instance. The subscriber makes his own selection and sends the list to this office and the seeds are sent to him by early mail, postage prepaid.

On page 2, this section, of this issue of the paper appears the complete list of varieties offered, from which selection can be made as desired. This advertisement appeared in last week's issue of the paper without any previous or accompanying notice, and already the replies have begun to come in.

This is an unheard of opportunity to get \$2 in value for only half that amount, i. e., \$1 for the paper for one year and \$1 worth of seeds. Do not delay in taking advantage of this offer but send in your remittance and list at once.

SHAH REALLY DEAD.

ACCORDING TO INFORMATION
OF FOREIGN MINISTERS.

Preparations For Mourning at the Palace.—Public Announcement
Has Been Made.

LONDON, Eng., Jan. 9.—Official announcement of the death of the shah of Persia was made today.

The death of the shah removes a picturesque ruler who was well known to Western Europe, owing to his frequent visits, particularly to France, where he took "cures" and enjoyed the pleasures of Paris life.

During the visit of 1905 the shah and his suite made a dazzling appearance on the boulevards and in the music halls. They were treated as national guests and given a royal welcome, while people's enthusiasm was marked owing to the shah's good nature and lavish charity. At that time his majesty looked old, feeble, his face was pale and flabby, and had a pallor. He invariably wore a royal costume with richly embroidered coat and red fez.

LONDON, Jan. 9.—The Daily Mail's correspondent at Teheran, in a telegram sent last night at 11:50 o'clock, says:

"The shah of Persia died this evening, though no public announcement of the fact will be made until tomorrow (Wednesday)."

"It was evident yesterday (Monday) that the end was rapidly approaching, and four injections of camphor were employed to prolong the ruler's life. All the shah's vital functions were suspended today, and at 5 o'clock this evening the heir apparent and the ministers were summoned. The women of the palace also began preparations for mourning."

"Soon after sunset the doors of the harem were closed. This was the sign that all was over."

"The news of the shah's death reached the foreign ministers late this evening, but the public is still unaware of his death."

"The streets are deserted and the city is in darkness."

CANCEL CONTRACTS

BECAUSE WARNINGS ARE POSTED
ON YARD GATES

Trigg County Farmers Are Threatened—"We Will Give You Hell!"
Read The Notices.

CADIZ, Ky., Jan. 9.—Warnings of disaster posted on yard gates have caused many Trigg county farmers to cancel contracts for the delivery of tobacco outside of the organization. Most of the notices have been tied to gate posts with pieces of grapevine. They are signed by "Night Riders" and state that unless tobacco is delivered to association houses "We will give you hell." Cadiz agreement no good. We are running this thing now." The Cadiz agreement referred to was made several days ago. By it, the association agreed to allow those who have contracts already made to deliver their tobacco outside of the association and the growers agreed to pool all future crops.

LIKES PROPOSITION

FISCAL COURT NAMES COMMITTEE
ON TABERNACLE PURCHASE

Miss Owen Addresses the Magistrates and Gets an Adding Machine
—Additional Counsel Authorized.

(From Wednesday's Daily)

The fiscal court yesterday took up the matter of the purchase of the union tabernacle by the county for use as an armory with the understanding that the building was to be preserved in proper condition for holding public meetings of all kinds. The proposition struck the court very favorably and a committee composed of Magistrates Garrott, Parker and Morris and County Attorney Duffy was appointed to confer with the tabernacle managers with a view to the county's assuming the debt now resting on the tabernacle and taking over the building and converting it into an armory but at the same time installing more comfortable and removable seats.

Since the announcement in yesterday's New Era that the fiscal court would consider this matter numerous prominent citizens have expressed a favorable opinion. According to the plan as outlined by Mr. Duffy the county would thus secure a building which at little cost could be adapted to the needs of an armory, something which is badly needed in Hopkinsville. At the same time the value of the building as a place for holding public meetings would not be interfered with for the military company would only use it one or two nights out of the week. The debt now resting on the tabernacle seems to be a millstone which cannot be removed except by piecemeal and the assuming of this debt by the county would relieve this unpleasant feature.

The fiscal court also made an appropriation of \$375 for the purchase of an adding machine for the sheriff's office. For the past several years the increased business of the sheriff's office has made such a machine a necessity and with the great increase in work brought about by the new revenue law the demand for the machine became more insistent. Miss Lillie Owen, the deputy sheriff, went before the court yesterday and asked for the appropriation and after she had finished addressing the court answered a number of questions relative to the advantage the machine would be. When the vote was taken, the motion for the appropriation was carried, six magistrates voting for it and only two against it.

A motion was also made and adopted to employ additional counsel to assist the county attorney in the prosecution of the cases against former Sheriffs L. R. Davis and J. J. Barnes for the recovery of the penalties alleged to have been collected by them while they were in office, but which amount was not turned in to the county treasury.

BUSINESS MERGER

HOPKINSVILLE LUMBER COMPANY IS BIG CONCERN

Now includes Wallace & Adcock, Hester & Thompson and Adwell & McShane.—Ready For Work.

The Hopkinsville Lumber company has bought out the business of Wallace & Adcock, Hester & Thompson, contractors, and Adwell & McShane, plumbers and tinners. The office and place of business will be at the former plant of Wallace & Adcock, on Canton street, where the office, planing mills and lumber yards are situated.

R. H. DeTreville is president, and J. Arthur Wallace, general manager. E. H. Hester and J. D. Thompson will have charge of the contracting and the execution of same. L. E. Adwell and Hugh McShane will have charge of the tin and plumbing work. Walter Cox is foreman of the planing mill, and Haywood Richards is in charge of the lumber yards. In addition to these, the company has in its employ some of the best wood workmen in the state. They are prepared to turn out fine work of every description in their line, to bid on and take contracts on every kind of building, tinning and plumbing, and to furnish building material of all kinds, finished and in the rough, also tinning and plumbing fixtures. The company owns a valuable and large lot of ground, 11 acres, fronting on Canton street, extending back to the Illinois Central tracks, giving them ample facilities for handling material in and out. The charter makes provision for adding other lines to their business, when deemed advisable.

It is the purpose of the company in the near future to put up additional buildings and increase its facilities.

Three firms have consolidated, namely, Wallace & Adcock, Hester & Thompson and Adwell &

McShane, have always enjoyed a liberal share of patronage in their different lines, and they solicit from their many friends a part, if not all, of their business for the new company, promising them promptness and good work.

For the present the company will keep the building on Main street formerly occupied by Adwell & McShane and Hester & Thompson, where they will keep a full line of tin and plumbing goods, also use it for their down-town office.

REV. WALT HOLCOMB

IN REVIVAL MEETING AT THE METHODIST CHURCH.

The Rev. Walt Holcomb, co-worker of Sam Jones and in whose arms the beloved Georgia evangelist died, has been secured by Rev. A. P. Lyon for a revival meeting to be held at the Methodist church, beginning January 27.

The mantle of Sam Jones in the soul winning field is said to have fallen on Mr. Holcomb's shoulders. The St. Louis Chronicle says: "His sermons, though of a different character from those of Sam Jones, are not less effective in drawing crowds." The Kirkville, Mo., Daily Express says: "Not a Sam Jones, but a Walt Holcomb—the two great names in the evangelistic world."

A special feature of the revival will be the song service conducted by Mr. Smoot, who travels with Mr. Holcomb and has an enviable reputation as a soloist and leader.

Week of Prayer.

Dr. A. P. Lyon preached a strong sermon last night in the Week of Prayer union service at the Christian church. Tonight at 7 o'clock the meeting will be held at the Cumberland Presbyterian church, and the discourse will be delivered by the Rev. George C. Abbott. The concluding service will take place tomorrow night at 7 o'clock, at Grace Episcopal church, conducted by the Rev. H. D. Smith. A cordial invitation is extended to the public to attend the services.

IN KITTY'S PLACE

A NEW BASEBALL LEAGUE MAY BE FORMED.

Hopkinsville, Henderson, Owensboro, Cairo, Paducah, Jackson, Tenn., To Get Together.

The Paducah baseball association has transferred its franchise in the Kitty Baseball league to the Paducah Traction company, which owns league park where the games are played, says a press despatch from Paducah.

It is probable that no effort will be made to retain the franchise. A meeting of the Kitty league will be held at Centuria January 27, but neither Cairo, nor Vincennes, probably, will be there.

It is probable that the league will disband. There is a possibility of an agreement being made with Cairo, Hopkinsville, Owensboro, Henderson, Jackson, Tenn., and other nearby cities.

The Kitty league last year covered too wide a territory. The traveling expenses were too heavy, and the rivalry between the cities not strong, and all clubs lost money.

FLOWERS PLUCKED

NOTED SWINDLER UNDER ARREST IN PHILADELPHIA

R. C. Flowers, a former Owensboro man who has, during his perambulations about the globe, answered to the titles of "Rev." and "Dr." as well as several others, is under arrest in Philadelphia, charged with a \$1,000,000 swindle in mining stock. He is a son of the Rev. Mr. Flowers who was, thirty years ago, pastor of the Christian church in Owensboro. The younger Flowers was educated for the ministry and had a charge at Albion, Ind. While there, it developed that in the intervals of his preaching, he went to Evansville, where he made calls not purely pastoral. When this became known he left Albion, and was next heard of in Mexico as a swindler. He was again lost sight of for several years, but at length turned up with his famous "Sun treatment."

A dispatch from Philadelphia gives the following account of his more recent operations: R. C. Flowers, alias C. G. Dalney, who has been a fugitive from New York since 1903, where he is wanted to answer charges of grand larceny and swindling creditors investors out of about \$1,000,000 on alleged bogus mining operations, was arrested in this city today by Detective Sergeant McConville, of New York, and several local officers.

Flowers, who the detectives say is the most colossal mine swindler of the age, was captured in a room in one of the big office buildings in the center of the city, where it develops he has been located for some time. Under the name of Prof. Oxford, the detectives say, he was seeking to secure more money from investors by representing that he had a wonderful chemical process whereby he could make diamonds and other precious stones and a patent brick.

The arrest of Flowers ends a clever chase by the detectives and postal authorities. When he was taken into custody he defiantly asked the missing Dr. Flowers, but after being placed in a cell at the central station admitted his identity. He will be given a hearing tomorrow morning.

BANISH THE BLACKS

ALL NEGRO TROOPS SENT TO THE PHILIPPINES

Orders Have Been Issued by The War Department.—A Slap at Senator Foraker.

WASHINGTON, Jan. 7.—The secretary of war has ordered to the Philippines all the negro troops in the service of the United States army. The Twenty-fourth infantry is now there and by the latter part of April it will be joined by the Twenty-fifth infantry and the Ninth and Tenth regiments of cavalry. For several years at least there will be no trouble in the United States proper with negro troops. The order means that the constant protests against negro troops has at last had some effect upon the war department, and they are to be used in the Philippines.

It is explained at the war department that the three regiments have been in the United States for four or five years and it is now their turn for duty in the islands. It is added that there is only one other regiment that has had a longer furlough from the islands. At the same time, the order, following so closely the Brownsville shoot-up and resulting comment and debate in the senate is generally connected with that incident and is construed as a slap at Senator Foraker, of Ohio, and others who are urging upon the senate a reopening of the case in the hope of eventually securing the reinstatement of the discharged Twenty-fifth infantry men.

The order also comes in the nature of a surprise to officials generally, inasmuch as the former service of the negro troops in the Philippines has been little more satisfactory than in this country, and the impression has been that they would never be returned there for duty.
